

## Structural Feasibility and Suitability Certificate

### To Whom It may Concern

This is to certify that the exiting building on survey No.148/2 of Mukesh R. Patel School (CBSE), Tande, Tal. Shirpur, Dist. Dhule has been examined by the undersigned.

Further certify about its feasibility and suitability for use as below:

The Building is RCC framed structure with masonry walls plastered and finished complete on both sides with all doors and windows fixed in position is **structurally sound to be used for School purpose.**

The building has all electricity, water supply and plumbing lines with all necessary fixtures and successful supply makes it fit for use and habitation.

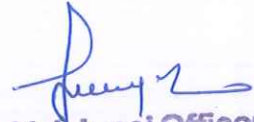

The building is constructed with sufficient light and ventilation with necessary planning standards observed while its construction.

The said structure is strong enough to withstand earthquake forces.

**This makes above building safe, hygienic, habitable and sound to be used as School building.**

Sincerely,
